

Ideologies: An Analytic and Contextual Approach (Paperback)

Filesize: 3.81 MB

Reviews

I just started off reading this article ebook. It is actually written in basic words and not confusing. I am just very happy to let you know that this is the best ebook I actually have read through inside my individual daily life and can be the finest ebook for possibly.

(Dayne Johns)

IDEOLOGIES: AN ANALYTIC AND CONTEXTUAL APPROACH (PAPERBACK)

Univ of Toronto Pr Higher education, 1996. Paperback. Book Condition: New. 224 x 162 mm. Language: English . Brand New Book. Ideologies offers a fresh treatment of liberalism, conservatism, and socialism, as well as an examination of contemporary social movements such as feminism and environmentalism. Professor Johnston treats each ideology as a product of the intersection of ideas and particular socio-historical contexts. Thus liberalism, conservatism, and socialism are discussed first in the context of the transition from feudal society to liberal modernity, and again as they have evolved within the shifting contexts provided by ascendant liberalism. In this way it is possible to distinguish the often diverse bodies of opinion that employ a common ideological label, and at the same time, sketch and emerging ideological consensus that frequently cuts across ideological lines. Ideologies contains separate chapters on the liberal democratic consensus that has developed around conceptions of justice and democracy on the one hand, and the utility of the market economy on the other. Challenges to this twentieth century consensus from within the liberal democratic tradition are represented by anarchism, populism, feminism, and environmentalism. External challenges from currents of authoritarianism, nationalism, and fundamentalism are also discussed, along with ideologies once powerful but currently out of favourfascism and Marxist-Leninism. In the final chapter, the strengths and weaknesses of ideology are judged, and its future prospects assessed.
