John Wiley and Sons Ltd, United States, 1992. Hardback. Book Condition: New. 231 x 157 mm. Language: English . Brand New Book. Money management is a key factor in trading success but, until now, very little has been written on the subject. This invaluable guide to money management strategies distills complex theories for the benefit of the average trader with little or no background in finance or mathematics. It offers a wide range of valuable, practical strategies for limiting risk, avoiding catastrophic losses, and managing the futures portfolio to maximize profits.
