Brand New Book ***** Print on Demand *****.You have just entered high school, attending high school, about to graduate from high school, or are in college. You are searching for careers which work great for your abilities and interests. You have asked many people for advice on which step to take next with career plans. I have compiled a list of 25 different jobs that might interest you and could work with your disability and your abilities. I have included jobs in computers, science, creative arts, visual arts, and writing. The advice comes from a preschool teacher who has kept in contact with her students from the past seventeen years on their schooling after they moved onto the next education level.
