In this powerful follow-up to *Between Barack and a Hard Place*, Tim Wise argues against colorblindness and for a deeper color-consciousness in both public and private practice. We can only begin to move toward authentic social and economic equity through what Wise calls illuminated individualism acknowledging the diverse identities that have shaped our perceptions, and the role that race continues to play in the maintenance of disparities between whites and people of color in the United States today. This is the first book to discuss the pitfalls of colorblindness in the Obama era. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
