Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1905 Excerpt: .uterus to develop, and among the remedies they place sexual connection, believing it will assist in the development of the uterine system. In a patient of Charcot s who died in the Salpetriere there was found at the autopsy a perfect muscular uterus, without any trace of a central cavity; the os uteri, however, was perforated, but the Fallopian tubes were closed. The ovaries were found to be normal, covered with menstrual cicatrices; yet this woman, very lascivious, had never menstruated. Naturally ardent and unsatiated, she had acquired the symptoms of extreme hysteria, and her nights were troubled with voluptuous and lascivious dreams. 3. Imperforation and Atresia of the Neck of the Uterus.-- Congenital imperforation of the neck of the uterus most often coincides with other malformations of the genital canal, as double uterus and vagina. It is complete, extending the entire length of the cervical canal,...
