When historic snowstorms forced lengthy closings of federal offices in the National Capital Region in 2010, thousands of employees continued to work from their homes, making clear the potential of telework in mitigating the effects of emergencies. GAO was asked to (1) describe the guidance lead agencies have issued pertaining to the use of telework during emergencies; (2) describe Office of Personnel Management (OPM) and other assessments related to agencies incorporation of telework into emergency or continuity planning, and the extent to which the lead agencies have provided definitions and practices to support agency planning; and (3) assess the extent to which OPM and the Federal Emergency Management Agency (FEMA) coordinated with other agencies on recent guidance documents. To address these objectives, GAO reviewed relevant statutes, regulations, guidance documents, and OPMs telework survey methodology, and interviewed key officials of agencies providing telework and telework-related emergency guidance.
