By Mrs M a B Kelly

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the PREFACE. It has been my aim in arranging the lessons for this volume to select chiefly such subjects, in the study of zoology, as treat of the most familiar objects to be met with in everyday life. I have endeavored, also, to give so clear a description of the form, color, and habits of each type under consideration, that neither teachers nor pupils can be left at all in doubt as to the identity of a specimen when they have it in hand. No one but a teacher can fully realize the joy and the satisfaction of a child who brings to her a moth, a caterpillar, or some other form of insect life, and proudly places it in the rank to which it belongs. This assured success leads on to farther and farther investigation, and awakens an enthusiasm and a desire to become still better acquainted with the wonder world of nature. A few short blackboard exercises every day will soon enable the child to master all the necessary technical names and...
