Reviews

It is really an incredible publication which i have possibly read. It is amongst the most incredible publication i actually have read through. I found out this pdf from my i and dad recommended this publication to discover.

(Abigale Ruecker)

THE PERFORMANCE OF SOCIAL SYSTEMS

Book Condition: New. Publisher/Verlag: Springer, Berlin | Perspectives and Problems | It can be said that the concept of performance of social systems is one of the most relevant, since all social systems - from the family, through the enterprise, to the Nation state - are only interesting in obtaining as high a performance as possible. The difficulties encountered when dealing with the concept of performance have been recognized and few books until now ventured to tackle the task, mainly because of the following three big problems: the lack of a theoretical-operational model; the lack of valid data; and the lack of computer facilities. Today these obstacles have been overcome and this is the first book based on different systemic perspectives (value theory, modelling, observation and quantification) which offers the possibility of defining and working out the concept. The book should be of great interest to sociologists, political scientists, economists, organizational theorists, managers and politicians. | Foreword; W. Buckley. Introduction; F. Parra-Luna. Part I: A World of Values. 1. Systems thinking and human values: towards understanding performance in organizations; M.L.W. Hall. 2. The role of values in measuring performance of social systems; B. Buchanan. 3. Towards an axiological systems theory; F. Parra-Luna. Part II: Some Models for Defining Social Performance. 4. Some problems in the observation of performance; G. de Zeeuw. 5. The resolution of dilemmas and conflicts in approaching the performance of social systems through representation, evaluation and quantification; J. van Gigch. 6. A model for measuring the performance of social systems; F. Parra-Luna. 7. The potentialities of the sociocybernetic model in assessing political performance in non-stable society; P. Nicolopoulos. 8. Criteria of systems performance from a macro-sociological viewpoint; K.-H. Simon. 9. Distributed control in social systems; M. Schawaninger. 10. Space of state and performance's optimization: lessons of Russia's...
