Urban space is a very large. very complex complex. it deserves a thorough. comprehensive or even a long process. it requires a dedication. a patient. a kind of courage. Is not just an immediate need of the development and construction of urban space. a space environment is not a good-looking props. Summary This book shows public space in America today more than a dozen well-known cities in the environment. as well as one of the many large and small spatial elements. and these elements or partial series together formed a systematic concept of space: The building is no longer unique. it is a symbol of the characteristics of urban space; Plaza is not just a pure form of urban functions. it is a part of modern life; trees is not the wind since long. static state. it is with the expression of the protagonist; urban space even if lost green lawn in the winter. it will not appear plastic Palm embarrassing . every aspect of each element according to celebrate with the overall environment of space. Book unfolding. not too much evaluation. aims an intuitive feelings to people to read it. If some of the conceptual stuff extracted to avoid unnecessary mistakes or...
