His plays - The Labyrinth, The Passing of the Torch and In Chains are among the best - are thesis plays of the most pronounced type, aimed for the most part against legal and social abuses. Hervieu is noted for his reticent and sober treatment of tragedy, but his little one-act play, Modesty, proves that he has a delicate sense of humor and the ability to satirize in a light and graceful way some of the weaker elements of human nature. This little play contains no difficulties as to staging, costuming, or stage business. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
