Brand New Book ***** Print on Demand *****.Life is a mystery, on planet Earth, where the billions of people live their lives day to day, most not knowing what their purpose is. We can't figure out life's answers because some of us don't even know the questions to ask. It can be so confusing-sometimes even a bit maddening. In Master the Mystery of Human Nature, author D. Scott Trettennero tackles the vast and mysterious subject of human nature and unravels its secrets to give you clarity and a depth of understanding to some of the previously unanswered questions of life. He has translated the important, yet complex work of philosophers, psychologists, scientists, and other pioneers in this field into an easy-to-understand format with ideas that can be applied to everyday life. Trettennero has taken the essential aspects of their work, simplified it, and has created a new matrix that connects the dots to better explain how and why people do what they do. Master the Mystery of Human Nature helps you learn about yourself, others, and how the world works because of our differences. Conflicts will take on an entirely new meaning; things that used to be a mystery, will make sense. It will help you experience a sense of calm and freedom once you see the beauty and wonder of how our human nature reflects the balance of power in Nature and the ways that duality shapes our every experience on this earth. This is a deeply thoughtful and carefully written book. It provides an unusually practical set of tools for understanding self and evaluating others. Thank you Scott Trettennero for writing a book everyone needs to read. - Robert...
